Boonton Animal Control Activity

Carl Dula

March 2022

- 2 8:30 PM, Police Dispatch (**NIGHT CALL**)
Police found dog RAL and brought to PD. Dog had microchip but it was not registered. Took dog to impound. The owner called Montville Animal Shelter the next day looking for the dog, and Gail forwarded the information. Owner is Isabelle Fernandez, 18 Chestnut Street, 862-766.2287. The dog is not licensed.
- 4 11:00 AM, email to Animal Control
Emma Schlomann, 416 Lincoln Street
She reports a dog at 505 Washington Street is left out in yard for extended periods of time, and barks all the time. I went to that address but there was no dog in the yard. No one was home to speak with. The dog is licensed. This same problem occurred last year on 5/19/21, at which time the owner agreed to address it.
- 26 10:00 AM, follow up
Went to 202 Liberty Street where we are attempting to trap a pregnant stray cat. Resident at that address threw the trap in the garbage. Retrieved the trap and advised the resident not to do that again. Plan is to continue trapping.
- 10:15 AM, follow up on call from the 4th
Complainant from the 4th sent me a video showing the problem. Attempted to talk to resident about the dog barking, but no one was home. I left a notice regarding the problem. Dog owner then contacted me by email and indicated the problem is caused when the dog reacts to the neighbor's chickens. I suggested she talk to that neighbor and see if they can work out a solution.
- 28 6:30 PM, Police Dispatch (**NIGHT CALL**)
Police found dog RAL near post office. Dog did not have a collar or microchip. Picked up dog and took to RAH. Upon arriving at RAH the dog had a seizure, and was put on oxygen, and given emergency treatment. About a half hour later the owner called Police looking for the dog. The owner is Nora Rodriguez, 312 William Street, 973-263-1563 (201-919-8585 cell), and the dog is not licensed. I advised her of the dog's condition and gave her the contact info for RAH. She was to call. I also advised her she was responsible for any associated vet bills. She said the dog was very old but otherwise healthy.
